Dear users, hello! Thank you for

choosing Venus Furniture Products. Please pay attention to the following points when you assemble this product:

1. Open the package to check whether the product parts are consistent with the assembly drawing. If you have any questions, please contact us in time.

2. In order to avoid hardware accessories scratching your floor and better protect our products, please prepare carpet, cotton or cloth material to cover the floor before assembly.3. When assembling, please assemble the products according to the drawing.
