

1. Take the tent out of the trunk.

2. Place the tent in the middle of the car roof, with the handle facing towards the person.

3. Untie the storage anti-theft straps.

4. Detach the suction cup handles and secure the tent on the car roof.

5. Insert the anti-fall rope inside the car door.

6. Retrieve the remote control, open it, and hang the windproof hooks.

### Storage precautions:

1. Unlock the windproof hooks, press the remote control's B button until fully tightened.
2. Take out the anti-theft strap from inside the door, attach the suction cup handles, remove the tent, pack it into the storage bag, and place it in the trunk.
3. Avoid using it in windy weather.
